21-st INTERNATIONAL FORUM «FERROUS AND NON-FERROUS SCRAP METALS» AND MIR-EXPO-2026

ANNOUNCEMENT

«Ferrous and Non-Ferrous scrap Metals» is the largest annual forum in Russia in the scrap and waste metal industry, organized by the «Rating Agency Rusmet» with the support of the National recycling association «RUSLOM.COM». More than 20 years of experience and a wide regional and international presence allow us to create a unique platform for the exchange of advanced ideas and practices in the field of metallurgy and metallurgical raw materials.

At the Moscow International Recycling Expo and Forum, expert knowledge is transformed into strategic solutions for businesses and government authorities. The technological expertise and innovative ideas presented at the venue are consistently implemented in practice, driving the development of the industry. Each year, the Forum brings together over a thousand market leaders, analysts, equipment and service providers, as well as representatives of science and industry associations, making it a key event for all stakeholders in the recycling and sustainable development ecosystem.

Special Opportunities for Sponsors

Organizing sports tournaments in curling, billiards, table tennis and tennis opens up a unique opportunity for companies in the metallurgical industry to strengthen their image, increase brand awareness and create positive associations in the eyes of employees, partners and the general public. The sites located on the territory of the PSB Patriot complex provide an opportunity to organize your own tournament in one of the following sports.

- **Curling** is a symbol of strategy and teamwork. Stones are associated with heaviness and strength, like metal in production.
- **Billiards** – concentration and precision of strikes, similar to the precise technological processes of metallurgy.
- **Table tennis** – speed and dynamics, reflecting the pace of modern production.
- **Tennis** – prestige and international scale, emphasizing the global role of the metallurgical industry.
- **Chess** – a high level of brand visibility, forms a prestigious image through association with intelligence and strategy, creates opportunities for informal networking with partners and clients, emphasizes the social value of supporting culture and education

Tournament sponsorship is becoming more than just an advertising tool, but an **investment in the reputation and prestige of the metallurgical industry**. It combines the values of sport – strength, precision, strategy and international scale – with the fundamental principles of metallurgy.
